Ultimate Low Poly Helicopter Pack

Thankyou for downloading. Please be sure to leave a star rating and review if you liked my asset so I can continue to produce more high-quality work.

If you would like to support me further you can do so via: paypal.me/ChrisBurns3D

This Package includes:
- 9 Unique prefab Helicopters
- Photoshop file to paint your own custom texture (CustomTexture.psd can be found in Textures directory)
- Collision meshes for all Helicopters and their accessories
- Textured version of spinning rotor blades
- Animated cockpit controls linked to input parameters
- Animated doors opening and closing
- Animation for propeller spin, engine start/stop
- Animator controller to trigger door and movement animations
- Demo scene to view various models and animations
- Working winch (Select the 'Buckle' object in the hierarchy and translate it up and down)
